

BEAUNE | BOURGOGNE

Hôtel Le Cep, SLH

Why us?

- Le Cep is located in the capital of Burgundian wines - Beaune. It's the motherland of the most exclusive and expensive wines of the world. The only wines which are strongly used as investment option besides the degustation. Evidently, Chardonnay and Pinot Noir are born and raised in Burgundy for centuries and the most balanced, drinkable wines on the globe.
- Production and essentially - export of Burgundian wine is limited. The best of the best, the rare remain in the hands of private collectors, restaurants and other niche establishments. Just as at the Le Cep holding an exclusive collection of 2,000+ bottles, which literally mean you won't find it anywhere else.
- Le Cep is a historical mansion, owned and managed by true Burgundian - Monsieur Jean-Claude Bernard and his family for decades. Apart of the unique wine collection, astonishing degustations ranging from 200 eur / person to 30,000+, one can enjoy another rarity - the first in France Ayurvedic Spa, managed by doctor from India living here in Beaune.
- Importantly, when coming to Le Cep - you are about to make friendship with the Owner and his family. You will be guided as a friend, provided truly personalised service.
- Any wish to visit most Exclusive wineries including the Premier Cru ones, Romanee Conti - that will be done for you after a short interview towards your desires and background.

Key Sales Points

- A jewel in the capital of Burgundian wines - Beaune
- First Ayurvedic Spa in France
- 10+ min drive from vineyards.
- Has extraordinary experiences including access to wineries which are normally restricted to the public.
- Has separately located apartments and villas in addition to 70+ rooms.
